

CROWHURST COMMUNITY AGRICULTURE

Woodland Event Day

Saturday 17th April 10:30 am – 5:30 pm

In the morning we will walk through the woodlands

In the afternoon, we will learn from an experienced horticulturist:

- Looking at nature - forest architecture and hedgerows
- What is forest gardening?
- What foods can I grow in a forest garden?
- Forest gardening design: the design principles
- Designing a micro forest garden (designing for CCA's mini orchard)
- Implementing design techniques for establishing forest gardens
- Managing and developing forest gardens
- Growing your own plants: propagation and ground cover planting techniques
- Further options: growing edible mushrooms - a demonstration

Meet at the Farm Shop at Upper Wilting Farm, TN38 8EG at 10:30. From Queensway take the Crowhurst Road
